

I Am the Goddess®

I am the Goddess, the Siren, the Container, and you are the sailor who throws himself freely overboard to swim through the dark ocean waters to the island of Me.

I am the ONE who wants to lay you down in the valley of my love and hold you with compassion.

I am the ONE who wants to stroke your forehead with the fingertips of bliss.

I am the ONE who longs to wrap you in the mantle of the stunning radiance of your own Being.

I am the ONE who yearns to surround you with the music of infinite joy, songs sung from the celestial depths of my being.

Come to ME.

I have always been here.

I am waiting.
